INDEPENDENT AUDITORS' REPORT

April 21, 2020

Members of the Board of Commissioners Sycamore Park District Sycamore, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Sycamore Park District, Illinois, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Sycamore Park District, Illinois, as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Sycamore Park District, Illinois April 21, 2020 Page 2

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sycamore Park District, Illinois' basic financial statements. The introductory section, combining and individual fund financial statements and budgetary comparison schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

SYCAMORE PARK DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2019

This discussion and analysis is intended to offer our readers an easily readable overview of the Sycamore Park District's financial activities for the year ended December 31, 2019, based on currently known facts, decisions and conditions. This analysis focuses on current year activities and operations and should be read in conjunction with the financial information presented in the remainder of this report.

The focus of the financial statements is on both the District as a whole (government-wide) and on the major individual funds. Both perspectives allow the user to address relevant questions as well as provide a broader basis for comparison and enhance the accountability of the District.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to give readers a broad overview of the District's finances similar to a private-sector business. Included in these financial statements are the Statement of Net Position and the Statement of Activities.

Statement of Net Position

The Statement of Net Position, as shown on pages 15-16, presents the assets, deferred outflows of resources, liabilities, deferred inflows of resources and resulting net position of the Park District's governmental activities and business type activities. Net position, assets and deferred outflows minus liabilities and deferred inflows of resources, provides a measure of the District's financial strength, or financial position. Over time, increases or decreases in net position is an indicator of whether the financial health is improving or deteriorating. However, it is important to consider other non-financial factors such as changes in the District's property tax base or the effects of Mother Nature to accurately assess the overall health of the District.

Statement of Activities

The Statement of Activities, on pages 17-18, presents expenses of major programs (functions) and matches direct program revenues with each. To the extent that direct charges and grants do not recover a program's cost, it is paid from general taxes and other resources. The statement simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

FUND FINANCIAL STATEMENTS

The fund financial statements tell how we financed our governmental activities in the short-term, as well as what remains for future spending. The fund financial statements also report the Park District's operations in more detail than the government-wide financial statements by providing information about the Park District's major funds.

Governmental Funds

Much of the Park District's activities are reported in governmental funds, which focus on how money flows into and out of funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other current financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Park District's general government operations and the basic services it provides. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements of the Governmental Funds. The basic governmental fund financial statements are on pages 19 through 25 of this report.

The District maintains 14 individual governmental funds. Data is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Recreation Fund, Special Recreation Fund, General Obligation Bond Retirement Fund, Bond Project Fund and Action 2020 Fund, all of which are considered to be major funds. The other funds are combined into a single, aggregate presentation. Individual fund information for each of these non-major governmental funds is found elsewhere in this report.

Proprietary Funds

Proprietary funds account for services that are generally fully supported by user fees charged to patrons. The District maintains two proprietary funds, one for the golf course and one for aquatics. The proprietary fund financial statements are on pages 27 through 30.

NOTES TO THE FINANCIAL STATEMENTS

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31 through 66 of this report.

THE PARK DISTRICT AS A WHOLE

Beyond presenting current-year financial information in the government-wide and major individual fund formats, the District also presents comparative information from the prior year in the Management's Discussion and Analysis. By doing so, the District believes that it is providing the best means of analyzing its financial condition and position as of December 31, 2019.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Net Position

The following table presents a condensed summary of net position as of December 31, 2019 and 2018.

Table 1 Statement of Net Position As of December 31, 2019 and 2018 (in thousands)

		Governmental Activities		Business-type Activities		Total A	ctivities
		2019	2018	2019	2018	2019	2018
Assets:

Restricted		145	168	_		145	168
Unresticted (Deficit)		1,357	747	(90)	(94)	1,267	653
Total net position		7,555	8,494	1,797	695	9,352	9,189
= position	_	. ,	~, •	- 3 1		- ,	- ,

The governmental activities end of year total net position of \$7.6 million reflects a decrease of \$938,662 from the beginning of year's net position balance. There are restrictions on \$145 thousand of net position for governmental activities. These restrictions represent legal or contractual obligations on how the assets may be expended, specifically for recreation programs, capital projects, public safety and the repayment of debt.

Statement of Activities

The following table summarizes the revenue and expenses of the District's activities.

Table 2
Governmental Activities

Transfers	(113)	(118)	113	118	_	
Change in Net Position	 (937)	584	1,102	140	165	724

The cost of all activities this year was \$5.6 million. Revenues to fund these activities included \$972,531 from those who directly benefited from or contributed to the programs, \$1,364,841 subsidized by grants/contributions for both capital and operating activities, and \$3.4 million financed through taxes. Revenue also included interest and miscellaneous income, which totaled \$94,532.

Governmental Activities

In the table below is presented the cost of each of the Park District's largest functions, as well as program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the Park District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Table 3
Governmental Activities
(in thousands)

	Total Cost		Net Cost
		of Services	of Services
General Government	\$	636	617
Park Maintenance		558	558
Golf Course		522	(1,012)
Recreation		3,268	2,583
Swimming Pool		122	23
Interest and Fiscal Charges		522	522
Total		5,628	3,291

THE PARK DISTRICT'S FUNDS

As indicated earlier, the Park District's governmental funds are accounted for on the modified accrual basis of accounting. Governmental funds reported a combined total of \$4,159,041 of revenues and \$6,782,212 in expenditures for the year ended December 31, 2019. After offsetting transfers and bond proceeds, the resulting combined increase in the fund balance of all governmental funds at December 31, 2019 was \$3,128,340. A transfer of \$76,311 was made from the General Fund to reduce the 2019 deficit from the Golf Course Fund. The combined fund balance of all governmental funds at December 31, 2019 was \$4,760,272.

The proprietary funds of Golf Course and Aquatics continue to be closely monitored in an attempt to reduce/eliminate losses. Aquatics ended the year with a positive cash balance for the seond year in a row due to the addition of the splash pad. The Golf Course had 102 days of bad weather and 87 days with no carts. This compares to 94 and 54, respectively in 2018. The District continues to look for ways to reduce expenses and increase revenues in both of these funds.

CAPITAL ASSETS

The following schedule reflects the District's capital asset balances as of December 31, 2019. (see note 3 for additional information)

Table 4
Capital Assets (net of accumulated depreciation)
As of December 31, 2019 and 2018

LONG-TERM DEBT

The Park District has a limited ability to issue long-term debt by Illinois Compiled Statutes. Currently, the Park District has \$14,067,600 of general obligation bonded debt outstanding, of which \$1,089,600 matures in fiscal year 2020. In 2019, the District issued \$5,596,600 General Park Bonds (ARS) of 2019A and GO Limited Tax Park Bonds of 2019B. There is currently \$5,596,600 outstanding. See note 3 for additional information regarding the long-term debt of the Park District.

FINANCIAL CONTACT

The District's financial statements are designed to present users (citizens, taxpayers, investors, customers and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. If you have questions about the report or need additional financial information, please contact the Park District's Superintendent of Finance, Jacqueline Hienbuecher, 480 S. Airport Rd., Sycamore, IL 60178.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

Fund Financial Statements

Governmental Funds

Proprietary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of the Governmental Funds to the Statement of Activities - Governmental Activities

For the Fiscal Year Ended December 31, 2019

Net Change in Fund Balances - Total Governmental Funds	\$	3,128,340
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. however, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital Outlays		1,698,541
Depreciation Expense		(516,762)
The net effect of deferred outflows (inflows) of resources related to the pensions not reported in the funds.		
Change in Deferred Items - IMRF		(420,547)
Change in Deferred Items - RBP		5,559
The issuance of long-term debt provides current financial resources to		
governmental funds, While the repayment of the principal on long-term		
debt consumes the current financial resources of the governmental funds.		
(Increase) in Compensated Absences Payable		(3,391)
Decrease in Net Pension Liability - IMRF		365,845
(Increase) in Total OPEB Liability - RBP		(20,932)
Issuance of Debt - Net		(5,864,786)
Retirement of Debt		727,535
Changes to accrued interest on long-term debt in the Statement of Activities		
does not require the use of current financial resources and, therefore, are not		
reported as expenditures in the governmental funds.	_	(38,064)
Changes in Net Position of Governmental Activities	_	(938,662)

Notes to the Financial Statements December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Sycamore Park District (the District) of Illinois is a body corporate and politic established under Illinois Compiled Statutes (ILCS) governed by an elected five member Board of Commissioners.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61 "The Financial Reporting Omnibus - an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

Notes to the Financial Statements December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (culture and recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, charges for services, interest income, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. All of the District funds are reported as governmental funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is a primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Notes to the Financial Statements December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains nine special revenue funds. The Recreation Fund, a major fund, is used to account for the operations of the District's recreational programs and concessions. Financing is provided from an annual property tax levy restricted by the state for recreation purposes and fees and charges for programs and activities assigned for recreation purposes. The Special Recreation Fund, also a major fund, is used to account for the operations of the District's special recreation programs. Financing is provided from an annual property tax levy restricted by the state for special recreation purposes.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The District maintains one major debt service fund. The General Obligation Bond Retirement Fund is used to account for the accumulation of funds that are restricted or assigned for repayment of various general obligation bond issues where repayment is financed by an annual property tax levy.

Capital Projects Funds are used to account for financial resources to be used for the acquisition of construction of major capital facilities. The District maintains three capital projects funds. The Bond Project Fund, a major fund, is used to account for the proceeds of the General Obligation (Limited Tax) Park Bonds the proceeds of which are restricted for park development and improvements. The Action 2020 Fund, a major fund is used to account for revenue and expenses related to the Sycamore Park District's Vision 2020 plan. Financing is provided from proceeds of the General Obligation (Limited Tax) Park Bonds and transfers that are assigned to specific projects outlined in the plan.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

Notes to the Financial Statements December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

Proprietary Funds - Continued

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The District maintains two major enterprise funds. The Golf Course Fund is used to account for the revenues and expenses associated with the operation and maintenance of the golf course. The Swimming Pool Fund is used to account for the revenues and expenses associated with the operation and maintenance of the swimming pool.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Notes to the Financial Statements December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Notes to the Financial Statements December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds' Statement of Cash Flows, cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes. Major receivable balances for the business-type activities include user fees.

Prepaids/Inventories

Prepaids/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Notes to the Financial Statements December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 or more, depending on classification, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements20 YearsBuildings50 YearsMachinery and Equipment5 - 20 YearsVehicles8 Years

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Notes to the Financial Statements December 31, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Notes to the Financial Statements December 31, 2019

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The budget numbers included in the financial schedules represent the amounts appropriated by the District and have been prepared on the modified accrual basis of accounting. The District follows these procedures in establishing the budgetary data reflected in the financial schedules:

- Prior to February, the Director submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing the previous January 1. The operating budget includes proposed expenditures and the means of financing them for all funds, except the Donations Fund.
- An executive budget work session may be conducted at the District administrative office.
- A public hearing is conducted at the District administration office to obtain taxpayer comments.
- The budget is legally enacted through passage of an appropriation ordinance.
- Any revisions that alter the expenditures of any fund must be approved by the Board of Commissioners. No supplemental appropriations were adopted during the year.
- All appropriations lapse at the end of the year.

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures over budget for the fiscal year:

Fund	Excess
Action 2020	\$ 795,701

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Park District Liquid Asset Fund.

Notes to the Financial Statements December 31, 2019

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

The Illinois Park District Liquid Asset Fund allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is composed of finance officials and treasurers all of whom are employees of the Illinois public agencies, which are investors in the Illinois Park District Liquid Asset Fund. The Illinois Park District Liquid Asset Fund is not registered with the SEC as an investment company. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the District's deposits totaled \$3,116,113 and the bank balances totaled \$3,585,426. In addition, the District had \$2,204,335 invested in the Illinois Park District Liquid Asset Fund.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. The District's investment policy further states all institutions in which the District makes investments must be designated as approved depositories by the District's Board of Park Commissioners. As of December 31, 2019, the District's investment in the Illinois Park District Liquid Asset Fund was rated AAAm by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. At December 31, 2019, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance. Furthermore, the District's investment policy requires pledging of collateral with a market value of at least 105% for all bank balances in excess of federal depositary insurance with the collateral held by an agent of the District in the District's name.

For an investment, this is the risk that, in the event of the failure of the counterparty, the will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy does not address custodial credit risk for investments. At yearend, the District's investment in the Illinois Park District Liquid Asset Fund is not subject to custodial credit risk.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not contain any specific guidelines on the diversification of the investment portfolio. At December 31, 2019, the District has no investments (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments) which exceed 5% of the total cash and investment portfolio.

Notes to the Financial Statements December 31, 2019

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk - Continued

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's policy limits the length of maturity of investments to no more than two years from date of purchase. The Districts investment in the Illinois Park District Liquid Asset Fund has an average maturity of less than one year.

PROPERTY TAXES

Property taxes for 2018 attach as an enforceable lien on January 1 on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments on or about June 1 and September 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1.5% of the tax levies, to reflect actual collection experience. The entire 2019 levy has been deferred as it is intended to finance the fiscal year ending December 31, 2020.

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out Amoun		Amount	•
General	Nonmajor Governmental	\$	52,319	(1)
Recreation	Nonmajor Governmental		105,223	(1)
General	Special Recreation		96,000	(2)
Bond Project	Nonmajor Governmental		15,000	(1)
Action 2020	Nonmajor Governmental		26,420	(1)
Nonmajor Governmental	Nonmajor Governmental		86	(1)
Golf Course	General		76,311	(1)
Golf Course	Nonmajor Governmental		32,956	(1)
Swimming Pool	Nonmajor Governmental		4,008	(1)
			408,323	

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

FUND BALANCE CLASSIFICATIONS - Continued

Minimum Fund Balance Policy. The District has established a fund balance policy with the following targets for percentage of estimated annual operating expenditures:

Fund	Target %
General	25 - 50%
Recreation	25%
Special Recreation	10%
Paving and Lighting	25%
Park Police	25%
Audit	75%
Insurance	25%

NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of December 31, 2019:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 17,583,811
Plus Unspent Bond Proceeds:	2,805,015
Less Capital Related Debt:	
General Obligation Refunding ARS Park Bonds of 2015A	(940,000)
General Obligation ARS Tax Park Bonds of 2017A	(7,130,000)
General Obligation Limited Tax Park Bonds of 2017B	(401,000)
General Obligation Tax Park Bonds (ARS) of 2019A	(5,070,000)
General Obligation Limited Tax Park Bonds of 2019B	(526,600)
Unamortized Bond Premium	(268,186)
Net Investment in Capital Assets	6,053,040
Business-Type Activities	
Capital Assets - Net of Accumulated Depreciation	1,886,727

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

Park District Risk Management Agency (PDRMA)

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and net income losses. Since 1992, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect as of January 1, 2019 to January 1, 2020:

		PDRMA Self-

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

Notes to the Financial Statements December 31, 2019

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) - Continued

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body.

The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2018 and the statement of revenues and expenses for the period ending December 31, 2018. The District's portion of the overall equity of the pool is 0.044% or \$21,363.

Assets	\$ 64,598,180
Deferred Outflows of Resources - Pensions	735,579
Liabilities	20,358,043
Deferred Inflows of Resources - Pension	1,157,368
Total Net Position	43,818,350
Revenues	18,891,688
Expenditures	18,647,660

Since 98.39% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

Notes to the Financial Statements December 31, 2019

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) Health Program

Since January 1, 2015, the District has been a member of the Park District Risk Management Agency (PDRMA) Health Program, a health insurance pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by a resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The following represents a summary of PDRMA's Health Program balance sheet at December 31, 2018 and the statement of revenues and expenses for the period ending December 31, 2018.

Assets	\$ 22,903,252
Deferred Outflows of Resources - Pensions	427,851
Liabilities	5,148,899
Deferred Inflows of Resources - Pension	(5,600)
Total Net Position	18,187,802
Revenues	37,577,537
Expenditures	35,295,144

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

Notes to the Financial Statements December 31, 2019

NOTE 4 - OTHER INFORMATION - Continued

CONTINGENT LIABILITIES

Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the District.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

INTEREST IN DEKALB COUNTY COMMUNITY FOUNDATION - DESIGNATED FUND

As of December 31, 2019, the District has a balance of \$28,523 invested with the DeKalb County Community Foundation (DCCF). These funds are designated for the District's Action 2020 Project, and are not available to the District until eligible expenditures are submitted for reimbursement. The District has elected not to include the investment held at DCCF as an asset on their books.

JOINT VENTURE

Kishwaukee Special Recreation Association (KSRA)

The District is a member of the Kishwaukee Special Recreation Association (KSRA), an association of five area park districts that provides recreation programs and other activities for handicapped and impaired individuals. Each member agency shares ratably in KSRA, and generally provides funding based on its equalized assessed valuation. The District contributed \$95,096 to KSRA during the current fiscal year.

The District does not have a direct financial interest in KSRA, and therefore its investment therein is not reported within the financial statements. Upon dissolution of KSRA, the assets, if any, shall be divided between the members, in accordance with an equitable formula, as determined by a unanimous vote of the KSRA's Board of Directors. Complete separate financial statements for KSRA can be obtained from KSRA's administrative offices at 1403 Sycamore Road, Dekalb, Illinois.

Notes to the Financial Statements December 31, 2019

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Descriptions

Plan Administration. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Notes to the Financial Statements December 31, 2019

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Benefits Provided - Continued. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2019, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	13
Inactive Plan Members Entitled to but not yet Receiving Benefits	12
Active Plan Members	21
Total	46

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2019, the District's contribution was 8.28% of covered payroll.

Net Pension Liability. The District's net pension liability was measured as of December 31, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Notes to the Financial Statements December 31, 2019

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2019, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age
	Normal
Asset Valuation Method	Market
Actuarial Assumptions Interest Rate	7.25%
Salary Increases	3.35% to 14.25%
Cost of Living Adjustments	2.50%
Inflation	2.50%

For nondisabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality tables was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Notes to the Financial Statements December 31, 2019

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued.

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	28.00%	3.00%
Domestic Equities	37.00%	6.85%
International Equities	18.00%	6.75%
Real Estate	9.00%	5.75%
Blended	7.00%	2.65% - 7.35%
Cash and Cash Equivalents	1.00%	2.25%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior year The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the District calculated using the discount rate as well as what the District's net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	Current					
	1%	Decrease	Discount	Rate	1% Increase

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP provides healthcare benefits for retirees and their dependents. The retirees and their dependents pay 100% of health insurance premiums until they reach Medicare eligibility.

Plan Membership. As of December 31, 2019, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	
Inactive Plan Members Entitled to but not yet Receiving Benefits	_
Active Plan Members	15
Total	15

Total OPEB Liability

The District's total OPEB liability was measured as of December 31, 2019, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Notes to the Financial Statements December 31, 2019

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules Major Governmental Funds
- Combining Statements Nonmajor Governmental Funds
- Budgetary Comparison Schedules Nonmajor Governmental Funds
- Budgetary Comparison Schedules Enterprise Funds

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

Special revenue funds are created to account for the proceeds of specific revenue sources (other than capital project funds) that are legally restricted to expenditure for specified purposes.

Recreation Fund

The Recreation Fund is used to account for the operations of the District's recreational programs and concessions. Financing is provided from an annual property tax levy restricted by the state for recreation purposes and fees and charges for programs and activities assigned for recreation purposes.

Special Recreation Fund

The Special Recreation Fund is used to account for the operations of the District's special recreation programs. Financing is provided from an annual property tax levy restricted by the state for special recreation purposes.

Donation Fund

The Donation Fund is used to account for contributions made to the District that have been restricted by the donor as to how they are to be spent.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund is used to account for the revenues derived from the property tax levy for the contributions to the Illinois Municipal Retirement Fund and the payment of Medicare and Social Security Taxes to the Federal Government.

Social Security Fund

The Social Security Fund is used to account for District's portion of Social Security and Medicare paid on behalf of its employees. Financing is provided by a specific annual property tax levy which produces a sufficient amount to pay the District's portion.

Insurance Fund

The Insurance Fund is used to account for the operations of the District's Insurance and risk management activities. Financing is provided by a specific annual property tax levy.

INDIVIDUAL FUND DESCRIPTIONS

SPECIAL REVENUE FUNDS - Continued

Audit Fund

The Audit Fund is used to account for revenues derived from a specific annual property tax levy and for payment of audit expenditures.

Paving and Lighting

The Paving and Lighting Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for paving and lighting improvements throughout the District.

Park Police Fund

The Park Police Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for police service for the parks.

DEBT SERVICE FUND

Debt service funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

General Obligation Bond Retirement Fund

The General Obligation Bond Retirement Fund is used to account for the accumulation of funds that are restricted or assigned for repayment of various general obligation bond issues where repayment is financed by an annual property tax levy.

CAPITAL PROJECTS FUNDS

Capital projects funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

Bond Project Fund

The Bond Project Fund is used to account for the proceeds of the General Obligation (Limited Tax) Park Bonds the proceeds of which are restricted for park development and improvements.

INDIVIDUAL FUND DESCRIPTIONS

CAPITAL PROJECTS FUNDS - Continued

Action 2020 Fund

Action 2020 Fund is used to record revenue and expenses related to the Sycamore Park District's Vision 2020 plan. The specific projects are: Community Center, Splash Pad, Dog Park, Sled Hill, Golf Course Irrigation, Trail Connections, and Sports Complex Improvements.

Developer Contribution Fund

The Developer Contribution Fund is used to account for the Impact Fees that are paid to District. These Impact Fees are established by the city's land/cash ordinance.

ENTERPRISE FUNDS

Enterprise funds are created to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

Golf Course Fund

The Golf Course Fund is used to account for the revenues and expenses associated with the operation and maintenance of the golf course.

Swimming Pool Fund

The Swimming Pool Fund is used to account for the revenues and expenses associated with the operation and maintenance of the swimming pool.
